Cities having population of one lakh and more and capital cities were ranked at National Level and cities with population of less than one lakh were ranked at Zonal Level – North, south, East, West and North East. Based on the performance in Swachh Survekshan, 2018, it has been decided to confer awards 29 cities/ cantonment boards at National Level, 20 cities at Zonal Level and 3 states having the best performance in the urban areas. While deciding the awards, it has been kept in mind that one city gets only one award i.e the category in which it has performed the best. In case a city has already been awarded in some category, next best is awarded in the other category.

At the national level, the Top 3 cleanest cities are: (Madhya Pradesh)

- Indore
- Bhopal
- Chandigarh

The list of 52 awardees under various categories is given in Annexure.
